

CATHOLIC EDUCATIONAL
ASSOCIATION of the PHILIPPINES

2014 CEAP SUPERINTENDENTS COMMISSION MIDYEAR ASSEMBLY

**The Forest Lodge, Camp John Hay
Baguio City
February 3-6, 2014**

Program Rationale and Objectives

Cognizant of the prophetic challenges laid-out by Pope Francis in his Apostolic Exhortation, *Evangelii Gaudium*, CEAP Superintendents aspire to become a community of disciples in mission, serving as an effective arm of CEAP in renewed integral evangelization.

CEAP Superintendents are servant leaders who are (i) effective promoters of communion and coordination among congregational and diocesan superintendents, (ii) providing opportunities for discussion and implementation of policies & recommendations on Catholic Education in the country, and (iii) facilitating CEAP programs on educational planning/ leadership & management, and renewed integral evangelization.

In the spirit of SUPCOM's expressed core values of communion, service, servant leadership, stewardship and advocacy, the February 2013 Midyear Assembly shall provide opportunities for depth & value-based engagement among superintendents in the following key result areas:

- ❖ leadership and governance**
- ❖ quality and excellent service towards operational vitality**
- ❖ resource generation, mobilization and networking**
- ❖ open lines of communication & dialogue.**

SUPCOM intends to enable small mission schools to achieve contextual excellence and operational vitality. The pathways for capacity building are the following:

- ❖ strategies in organization development**
- ❖ tapping funding resources**
- ❖ professional development measures for educational leaders**
- ❖ adherence to ethical standards of financial, risk**
- ❖ enrolment management**

We intend to march in same cadence towards effective superintendency in view of the challenges brought about by ASEAN 2013, K to 12 agenda and the changing educational landscape, and the re-tooling of leaders and faculty for an engaged future.
