Transforming Lives, Building Communities through Systemic Change
TheAdamson University Experience on Eradicating Poverty

- “The times talk to us of so much poverty in the world and this is a scandal. Poverty in the world is a scandal. In a world where there is so much wealth, so many resources to feed everyone, it is unfathomable that there are so many hungry children, that there are so many children without an education, so many poor persons. Poverty today is a cry.” (Pope Francis)

- It is the person who is motivated by genuine love, more than anyone else, who pits his intelligence against the problems of poverty, trying to uncover the causes and looking for effective ways of combating and overcoming them.
- [Populorum Progressio](#), paragraph 75
